

General description:

The DPM 4000 allows for audio connections and system expansion through the use of interface card modules.

Each slot can be equipped with any suitable input module providing two audio channels per slot. Each slot can be equipped with a 2-channel audio output module.

The DPM 4000 is shipped with a 2-channel audio output module installed in slot 3 and slot 4 being left empty.

All modules have CE approval and are EN 60849 / VDE 0828 conformable in combination with the PROMATRIX® system.

2-channel paging station module PCI (NRS 90215)

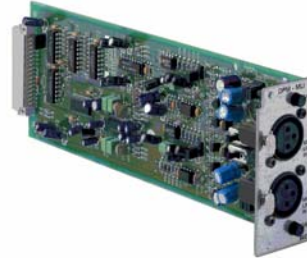

This 2-channel audio input module is meant for the connection of DPC 4000 series paging consoles.

MIC/LINE + 2 AUX input module MLA (NRS 90216)

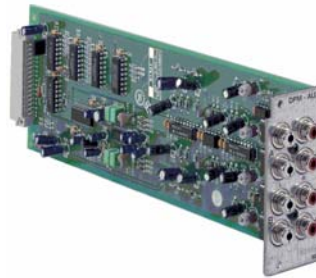

This 2-channel audio input module is meant for the connection of external audio sources of any kind.

2-channel MIC/LINE input module MLI (NRS 90217)

This 2-channel audio input module is meant for the connection of external audio sources like microphones, mixers, etc.

2-channel AUX input module (NRS 90228)

This 2-channel audio input module provides 8 RCA-type connectors (4 x L/R) for connecting external audio sources such as CD players, tape decks, tuners, DAT decks, etc.

MIC/LINE + paging station module (NRS 90234)

This 2-channel audio input module is meant for the connection of DPC 4000 series paging stations and other external audio sources.

2-channel LINE output module (NRS 90218)

The output module is meant for the connection of power amplifiers with an input sensitivity of 0 dB or +6 dB.

8 I/O control module (NRS 90219)

This control module provides 8 floating control inputs and 7 floating logic level outputs (0 V, 24 V). An additional output provides pole change impulses for controlling slave system clocks.

Ordering information:

Model	Cat. No.	Description
NRS90215	D121665	Input paging consoles DPC
NRS90216	D121666	Input Mic/Line + 2 x Aux
NRS90217	D121667	Input Mic/Line
NRS90218	D121668	Output Line
NRS90219	D121669	I/O-Logic Control, 8x
NRS90228	D121680	Input Aux
NRS90234	D121736	Input Mic/Line + DPC

Accessories:

Model	Cat. No.	Description
NRS90227	D121679	Output transformer line balanced
NRS90208	D121641	Input transformer line balanced (1 pc. required per channel)
NRS90233	D121682	Input transformer Mic/Line
