

Digital Audio Matrix Manager

Controllers

8-channel digital input AES/EBU module for digital signal-processing matrix

- 8 channel AES/EBU or S/PDIF digital audio
- Four input connectors , Euroblock or TOSLINK optical
- Supports sample rates from 32 Khz to 192 Khz
- Independent sample rates for each input selectable
- Lock indication LED
- Onboard DSP (100 MIPS)

Technical data, hardware:

Data Format	24 Bit linear PCM inputs, 48 Bit processing
Digital inputs	4 x 3-pole Euro block connectors 4 x Toslink optical connectors
Frequency Response	20 Hz - 20 kHz (± 0.1 dB)
Input Formats	AES/EBU, S/PDIF, Optical
Input Impedance AES/EBU
