

TPC-1 Touch Panel Controller 5.7"

The TPC-1 touch panel controller is a user control device featuring a high definition 5.7” display. The super slim in wall profile, universal mounting for EU, UK, or US mounting boxes and Power over Ethernet (PoE) makes it easy to install, even in shallow wall spaces. The TPC-1 mounting plate secure mounting helps with theft resistance. The TPC-1 control interface is a control canvas, freely configurable allowing images, schematic designs, or corporate logos to be added with customizable controls via the SONICUE system software.
